MO-50e

JUKI®

Easy to use even for beginners! Overlock Sewing Machine.

2-Needle, 3/4 Thread Overlock with Automatic Rolled Hemming and Differential Feed

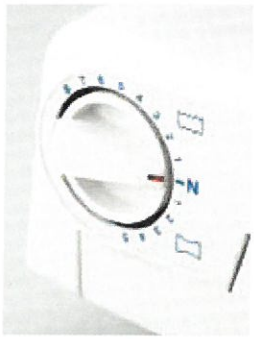

MO-50e

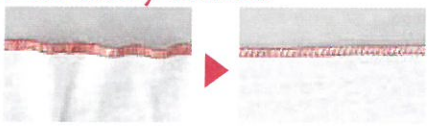

Waste Collector

Adjustable Differential Feed

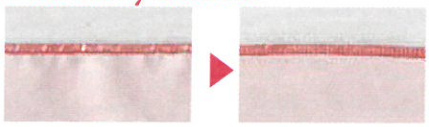

is easily controlled and adjusted by a dial located on the exterior, left hand side of the machine.

Stretchy fabrics

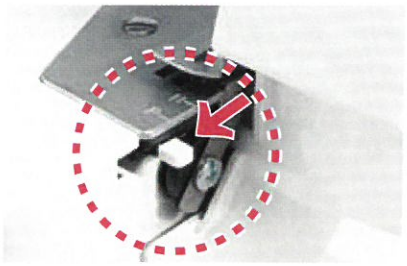

Crinkly fabrics

Automatic Rolled Hemming

can now be created quickly and easily with built-in fingertip control. There is no need to change the foot or plate.

Overlock

Rolled hem

Automatic Lower Looper Threading

allows for easy threading in seconds— simply push the automatic threader up and then thread goes through automatically.

Retractable Upper Knife

removes the upper knife so that threading is made safer and easier.

Adjustable Lower Knife

adjusts the lower knife quickly to change the width of fabric in the seam allowance, for perfect seams and rolled edges.

Lay-in Type Thread Tension Slots

throughout the machine make threading easy and efficient.

Adjustable Stitch Length

turn dial is located on the exterior right hand side within the range of 1 to 4 mm.
